

Horizon Resources is looking to hire a Grain Originator/Merchandiser to help expand and grow their grain division. One of the largest and most successful cooperatives in North Dakota, Horizon Resources has one BNSF shuttle loading facility, one single car loading facility, and 4 truck houses. Additionally, the Williston location sells over 750 tons of feed per year.

Position Overview:

- Demonstrate a drive and ability to build and grow relationships with growers in Horizon Resources' trade territory
- Willingness to help create and grow trucking program direct from farm to elevator
- Have a basic understanding of grain markets and ability to understand them or a willingness to learn
- Employee will work closely with the accounting staff, location managers, logistics companies, and Grain Division Manager
- Horizon Resources currently handles durum, spring wheat, winter wheat, canola, field peas, and feed barley. Ideal candidate will have a basic understanding of these commodities along with a desire to help grow the handle of the cooperative
- Position is primarily Monday – Friday, (8 – 5) however the ideal candidate will help with loading trains and harvest as needed
- Work with the Grain Division manager to create and disburse daily bids for farmers
- Understands, follows, and enforces safety protocols
- Help with feed sales, support, and logistics

Required Qualifications:

- Employee must show good character. Must be honest and trustworthy
- Ability to work with Microsoft Excel, grain accounting systems, and other computer programs
- Ability to think on your feet and make decisions quickly
- Ability to lift 50 lbs.
- Willingness to work extra hours when needed

Preferred Qualifications:

- Bachelor's Degree in Agribusiness, Finance, or related field
- 2 years of grain merchandising experience
- Experience with AgVance

Horizon Resources has an extensive benefit package including 401k with company match, health insurance, HSA, life insurance, pension, and many other benefits.
