

General Manager – Breckenridge, MN

Job Description

- Highly successful, growth-oriented, two location full-service Ag business located in Breckenridge, MN (grain and agronomy) and Gettysburg, SD (agronomy) is seeking to replace their long-time retiring General Manager with a well-rounded, multi-talented next generation leader. This individual will provide strong leadership for the future success and growth of this financially strong company; they will possess an easy to talk to, energetic personality makes doing business enjoyable.
- The successful candidate will utilize their grain industry, agronomy knowledge and management experience. This individual should possess honesty, integrity, and passion for leading and serving people to guide and carry out the long-term vision for the company.
- Qualified candidates should have some years of management experience with a solid grain and agronomy background with sufficient financial understanding.
- The new GM must have strong grain merchandising skills and a solid knowledge of various grain marketing contracts, along with tools to assist farmers with their marketing programs. Agronomic knowledge will also be an asset to this position.
- The candidate will manage cash trading, futures/basis positions, freight and logistics at a shuttle facility handling approximately 11-12 million bushels annually.
- Being the leader of a smaller company, this GM will wear many hats and be a hands-on manager. Communicating clearly and dealing well with team members, customers, and vendors is critical. Understanding the operations side and being involved in all aspects of the business is also key.
- The board desires to continue a steady level of growth and expansion to keep up with customer needs. The new General Manager must be a forward thinker while partnering with the Board of Directors to establish a vision for thriving into the future.
- Significant capital projects have helped make our company more efficient and attractive to farmers. We are well equipped to continue to grow and be competitive in our industry.
